

# NEWS RELEASE

With the rapidly evolving situation with COVID-19, LifeSkills, Inc. is committed to keeping access to the services we provide available to the individuals and communities we serve. LifeSkills, Inc. will continue to provide mental health services, substance use disorder services and intellectual & developmental disabilities support services. We will continue to provide services through our outpatient clinics and residential locations. At this time, we do not have plans to close our facilities. If you need access to these services but cannot keep a face-to-face appointment, please call the local office and schedule a telehealth appointment.

To protect some of our most at-risk population, effective immediately no outside visitors will be allowed at the following LifeSkills, Inc. locations. At this time these locations will remain open to clients, but will not allow outside visitors or non-essential staff:

**Adult Crisis Services Unit** 822 Woodway Drive, Bowling Green, KY

**Children's Crisis Services Unit** 501 Chestnut Street, Bowling Green, KY

**Park Place Recovery Center for Men** 822 Woodway Drive, Bowling Green, KY

**Park Place Recovery Center for Women** 49 Hillview Drive, Scottsville, KY

**Haven4Change** 1500 Parkside Drive, Bowling Green, KY

**Edgewood Residence** 105 Edgewood Drive, Russellville, KY

**All LifeSkills Industries locations**

As school districts close and/or alter schedules, any child currently receiving school-based services can schedule an appointment in person at one of our local clinics or schedule a telehealth appointment. Any local office can assist you with telehealth arrangements. You do not need specialized equipment or software to access our HIPAA-compliant telehealth services. Anyone can access this service with an internet-connected device.

We realize that reactions during an infectious disease outbreak can have an emotional impact on people and communities. This is especially true for individuals already experiencing mental health conditions, children and healthcare providers and those involved with the response to the COVID-19 pandemic. Natural reactions can include excessive fear and anxiety about health status, changes in sleep or eating patterns, difficulty sleeping or concentrating, worsening of chronic health problems or increased use of alcohol or other drugs. LifeSkills, Inc. is prepared to help you if you or a loved one are experiencing increases in any of these symptoms, having stress reactions that interfere daily activities.

Our commitment to our communities is to continue to support you during this extraordinary time. We will do our very best to accommodate scheduling requests.

*If you are experiencing a mental health crisis, please call the 24/7 help line at (270) 843-HELP; (270) 843-4357 or (800) 223-8913.*
